## The power to simplify test administration

Our customers have complete access to VTEST's management system. You can create a single candidate or import thousands of candidates in a matter of minutes, create codes and assign tests via invitation emails translated into 21 languages, view test results, review video interviews, export data into predefined Excel models, download test reports in bulk, and much more.

If you need assistance integrating our system with yours, just let us know, and we will provide you with specialised services, such as single sign-on and API application.

If you choose, however, VTEST Partners may handle everything on your behalf. Do not hesitate to let us know. You will still have access to the site, but now it will be looking at the final result. No need to go further than that!

### Recruiting and rapid evaluation

When you are in charge of admissions, you need to quickly find and pick the right applicants. Test invitations may be sent in batches of one to ten thousand in a matter of minutes once a user logs in, creates individual candidates on the platform, or uploads candidates using Excel with our master file.

Feel free to insert your own questions into the VTEST Video Interview in under 3 minutes. Just pick the right ones when you formulate and give the test to your candidates.

View your test scores, certificates, and video interviews immediately after they finish the test.

## Custom reports, Custom services

At VTEST, we prioritise client service. Our staff can assist you with a variety of tasks, such as selecting the suitable test, providing access to the appropriate management platform, and managing applicants, test sessions, and results, among other things.

Utilising our VTEST management platform will yield several benefits. If you wish to administer the platform, generate candidates, and assign tests, among other tasks, VTEST will provide user guides and training for you.

We will grant you access to the platform's capabilities and explain how far you can go with managing and categorising your data.

Moreover, working with the VTEST support staff, we can supply you with on-demand customised reports that will meet your exact specifications.

### Branding

In an effort to provide worldwide customer value, VTEST may include your brand into the system. When a candidate logs in to take a test, your institution's logo will be shown in the bottom-left corner of the testing platform and at the top of the test report.

### We care about data

VTEST takes every effort to ensure the openness of data processing and to adhere to the strictest confidentiality regulations in each nation. We will offer you with a comprehensive data protection agreement so that you may have confidence in our robust data policy.
