New technology, new design, new possibilities

VTEST provides cutting-edge Business English proficiency tests. Our tests are open to everyone, at any time and on any device. With qualifications and certificates that demonstrate their talents and abilities, we enable employees and lifelong learners to achieve their goals. Our solutions assist language schools in enrolling trainees to the appropriate course, measuring their progress, and ensuring that they satisfy certification criteria. It also allows you to confirm that your staff, including your teachers, have the necessary English proficiency.

We specialise in assessing the four language skills (listening, reading, speaking, and writing) as well as workplace abilities. We can build and deliver tests of all types and purposes using our superior exam administration system. Our evaluation tools are both affordable and ready to use. The quality of our qualifications and the service we provide is our driving concept. We care about all VTEST users, and our platform is open to everyone.
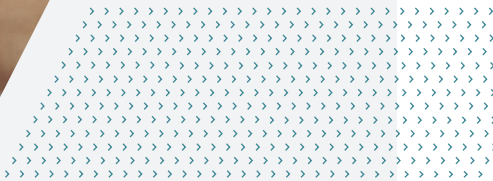

One English exam suite for all of your assessment needs

VTEST English is an online test that will help you place learners in the appropriate programme, monitor their development, and make sure they satisfy certification requirements. It also enables you to verify that your staff, including your teachers, have the required English proficiency. By assisting your customers in assessing and evaluating the English language skills of their staff, your language school may also be able to provide an incredible added value.

VTEST Business or General English may be used for

Course placement
Ensure that learners are enrolled in the appropriate course.

Progress monitoring
Regular testing can be used to evaluate the development of individual learners or the entire group. It will assist you in identifying strengths and shortcomings in each of the main abilities and provide you with extra sub-scores and feedback.

Skills mapping
The goal of the language skills mapping system is to help the company's HR department analyse, measure, and make decisions. VTEST English lets you map out the differences between the level of employees and the level needed for the job.

Certification
Ensure that your learners complete the requirements for certification purposes by administering our VTEST English tests in a secure testing environment, either online or on-site.

Teachers and staff assessment
Ensure staff and teachers have the required English abilities.

NEW
Even Speaking & Writing tests provide instant results

* Except for online proctored exams, or in the event of a quality check, the time could be extended to max 48 hours.

Burlington **VTest**

Rapid, precise, and much more for your language school

VTEST Business or General English can test all four skills: listening, reading, speaking and writing, in any combination. The results are aligned to the CEFR (Common European Framework of Reference). It is the first online test driven by artificial intelligence to provide accurate and immediate results for a single applicant or big groups anywhere in the world.

Why choose VTEST Business or General English?

Immediate and accurate results

Detailed test report with main skills, in-practice skills, subskills and feedback. Instant results for all four skills.

Accessibility and test security

The test is accessible anywhere, anytime and on any device with no appointment needed. For low-stakes judgments, VTEST offers conventional online access; for high-stakes decisions, it offers online proctored tests with identity safeguards and fraud prevention.

Add a VTEST interview to the English test

An amazing added value service you can offer to your customers. Add a video and written interview with your own unique questions to any VTEST English test to help you know much more about the learners without an appointment.

Easy and flexible administration

In less than a minute, you can create a test for a person or a group of people on the VTEST Center platform and have rapid access to the results, export in Excel, and download test reports in bulk, but also, VTEST Partners can take care of everything for you if you like.

Burlington VTest

Worldwide Availability of the VTEST Business or General English tests

Numerous organisations of varying sizes utilise and endorse VTEST English. It is utilised to enrol learners in the appropriate courses, evaluate their progress, and guarantee that they meet certification criteria. With a presence in more than 40 countries, VTEST English is rapidly developing thanks to a compelling value proposition derived from the strength of artificial intelligence and the precision of the CEFR score.

VTEST Business English – Industry-specific tests

VTEST provides its customers with industry or profession-specific English exams for recruitment, placement, and certification. VTEST English Industry-specific tests have been designed for VTEST customers:

Workplace Safety

> The test covers workplace safety and everyday situations typically encountered in food, chemical, and other industrial plant environments.

> Examples include understanding and following instructions, recognising signs, naming the main materials present at the workplace or job site, identifying and naming safety equipment, and using safety-specific terms and vocabulary.

The exam is provided in two formats including Listening & Reading or 4SKILLS.

Hospitality Industry

> The test covers hospitality industry and everyday situations typically encountered in hotel and restaurant environments.

> Examples include welcoming, travel arrangements, accommodation, ordering food and services, dealing with customers' complaints, using hospitality-specific terms and vocabulary.

> It also includes many variances of English accents within an intercultural context.

The exam is provided in two formats including Listening & Reading or 4SKILLS.

Burlington VTest

Choose the VTEST Business or General English test most appropriate for you

VTEST Business or General English may assess proficiency in all four skills. You may choose to test listening and reading, speaking and writing, all four abilities combined, or for a specific reason, simply speaking or writing. You can additionally request VTEST to include an industry-specific module for workplace safety and hospitality.

TEST FORMAT

Listening & Reading (Combined)

15-70 minutes

Speaking

12 minutes

> Three read-aloud paragraphs

> Six sentences you should listen and repeat accurately

> Four open-ended question you should answer focusing on the topic and requiring speech of between 45–90 seconds

Writing

Up to 30 minutes

> One open-ended question requiring a minimum number of works, based on levels, from 80 to 250 words.

Choose the English flavour

Depending on your preference, VTEST Business English is available with an American or British flavour. VTEST General English is available using UK English but with various accents including American, British, Irish, Australian.

Easy to access

The test is accessible anywhere, anytime and on any device with no appointment needed.

Adaptive testing

The test utilises many item versions and item mixing to make each test session unique. The questions progressively grow in difficulty to cover CEFR levels A1 through C2. The exam ends at the level of the candidate.

Burlington **VTest**

What should I know for the test?

VTEST provides a number of resources to help your learners prepare for VTEST English and the onboarding of the online proctored test for high-stakes decisions.

**Our practice and preparation materials include the following:**

› Access to our discovery test to familiarise yourself with the different question types

› Downloading the official candidate's guide including all necessary information

› Reviewing the question type demo and tips

› Understanding the requirements for an online proctored exam

› Watching the video tour of VTEST online proctoring

› Downloading tips for improving VTEST English writing proficiency

Remark

› The test is intuitive and easy to navigate by candidates.

› During the test, we provide candidate's instructions in 21 languages including: Arabic, Chinese, English, French, German, Greek, Hebrew, Italian, Japanese, Korean, Portuguese, Romanian, Spanish, Turkish, and Vietnamese...

› We care for people with disabilities and visual impairments and provide them with the world's most advanced accessibility technology. With access to our discovery test they can check and familiarise themselves with the accessibility features available to them.

Burlington VTest
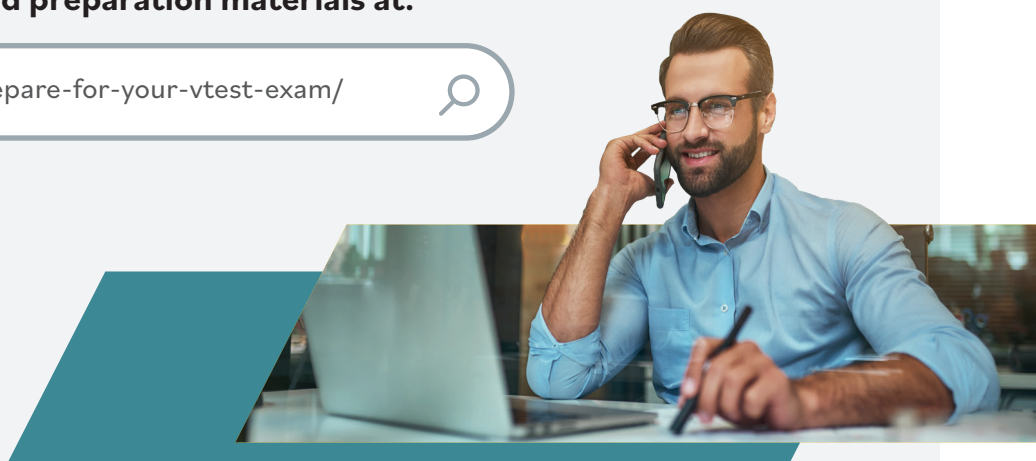

Results and test report

Rapid, precise, and user-friendly results

You may see the complete results and test reports for all candidates. If the test was proctored, the report and results platform show a candidate's photo. VTEST users may quickly access results, export in Excel, download test reports in bulk, and watch candidate video interviews. Candidates can obtain results and certificates using the test code on the results portal.

Test report

The test report provides a general CEFR level, the international standard for describing language proficiency. In addition, you will access the CEFR level for each of the main skills, CEFR level for in-practice skills, proficiency score for subskills, and extra feedback.

Test report for candidates

① Photo of the candidate

② CEFR general level

③ CEFR descriptors are telling you what the candidate can be expected to do

④ CEFRL level per skill including listening, reading, speaking and writing

⑤ Gramatical feedback to work on and grammar level

⑥ CEFR level per skills combination including conversation and expression

Note: The certificate is protected using encryption and secure signing certificate

The power to simplify test administration

Language schools have complete access to the VTEST Test Center management system. You can create a single candidate or import thousands of candidates in a matter of minutes, create codes and assign tests via invitation emails translated into 21 languages, view test results, review video interviews, export data into predefined Excel models, download test reports in bulk, and much more.

If you need assistance integrating our system with yours, just let us know, and we will provide you with specialised services, such as single sign-on and API application.

If you choose, however, VTEST Partners may handle everything on your behalf. Do not hesitate to let us know. You will still have access to the site, but now it will be looking at the final result. No need to go further than that!

Rapid evaluation

Test invitations may be sent in batches of one to ten thousand in a matter of minutes once a user logs in, creates individual candidates on the platform, or uploads candidates using Excel with our master file.

Feel free to insert your own questions into the VTEST Video Interview in under 3 minutes. Just pick the right ones when you formulate and give the test to your candidates.

View your test scores, certificates, and video interviews immediately after they finish the test.

Custom reports, custom services

AAt VTEST, we prioritise customer service. Our staff can assist you with a variety of tasks, such as selecting the suitable test, providing access to the appropriate management platform, and managing applicants, test sessions, and results, among other things.

Utilising our VTEST Centre management platform will yield several benefits. If you wish to administer the platform, generate candidates, and assign tests, among other tasks, VTEST will provide user guides and training for you.

We will grant you access to the platform's capabilities and explain how far you can go with managing and categorising your data.

Moreover, working with the VTEST support staff, we can supply you with on-demand customised reports that will meet your exact specifications.

Branding

In an effort to provide worldwide customer value, VTEST may include your brand into the system. When a candidate logs in to take a test, your organisation's logo will be shown in the bottom-left corner of the testing platform and at the top of the test report. You can also decide to create your B2B customers into your platform and select the option to add their own logo instead of yours.

We care about data

VTEST takes every effort to ensure the openness of data processing and to adhere to the strictest confidentiality regulations in each nation. We will offer you with a comprehensive data protection agreement so that you may have confidence in our robust data policy.
